

**PENDING CLAIMS**

1. (Original) An inflatable comprising:
  - an inflatable portion having an inlet couplable to a blower to blow air into an interior of the inflatable portion; and
  - an open weave section coupled to the inflatable portion and defining a wall or a window of the inflatable, wherein a surface of the open weave section includes an image printed directly on the surface.
2. (Original) The inflatable of claim 1, wherein the image is digitally printed on the surface.
3. (Original) The inflatable of claim 2, wherein the image has a resolution of at least 14 dpi.
4. (Original) The inflatable of claim 2, wherein the image has a resolution of at least 720 dpi.
5. (Original) The inflatable of claim 1, wherein the open weave section extends between upward extending columns of the inflatable.
6. (Original) The inflatable of claim 1, wherein the open weave section includes a vinyl coated mesh.
7. (Original) The inflatable of claim 1, wherein the open weave section includes holes equal to or smaller than about 1/2 inch.
8. (Original) The inflatable of claim 1, wherein the open weave section includes holes equal to or smaller than about 1/4 inch.
9. (Original) An inflatable comprising:

an inflatable portion; and

an open weave section connected to the inflatable portion, the open weave section having an image digitally printed on a surface of the open weave section.

10. (Original) The inflatable of claim 9, wherein the inflatable portion includes one or more support columns and the open weave section extends between the support columns.

11. (Original) The inflatable of claim 9, wherein the open weave section includes a vinyl coated mesh having holes of about  $\frac{1}{2}$  inch or less.

12. (Original) The inflatable of claim 9, wherein the image has a resolution of at least 14 dpi.

13. (Original) The inflatable of claim 9, wherein the image is a photo-quality image having a resolution of at least 720 dpi.

14. (Original) The inflatable of claim 9, wherein the image covers at least 9 square feet of the open weave section.

15. (Original) The inflatable of claim 14, wherein the image covers at least 36 square feet of the open weave section.

16-18. (Canceled)

19. (Previously Presented) The inflatable of claim 1, wherein the image is printed on the surface of the open weave section such that one can see through the open weave section.

20. (Previously Presented) The inflatable of claim 9, wherein the image is printed on the surface of the open weave section such that one can see through the open weave section.
